The Serbian/Hungarian Police in prior cooperation with the other responsible authorities may change the functions of the lanes according to the traffic, to ensure the continuous traffic flow.

The control of the passengers and their vehicles willing to cross the border carried out both by the Serbian and by Hungarian party at their own control line, with a one-stop system for police and customs control.

The order of the border control of passengers and vehicles happens in the order of arrival to the BCP. Other order (priority crossing) can only happen based on the regarding EU and national legislation, along with the informing of the other concerned parties if the conditions allow it.

The person willing to cross the border must hand over the necessary documents to the Authorities and is obliged under relevant legislation to allow the smooth police and customs control on both the Serbian and the Hungarian line of control. This person are not allowed to leave the area of the BCP until the police and customs control are completed.

The passengers must undergo border control. On the area between the border line and the line of control they are not allowed to deviate off the road, switch lanes or overtake. The passengers may not leave the area of the BCP before the border check is completed until the authorization of the officer completing the border check.

Passengers crossing the border may only leave their vehicles if necessary before and during the police control.

Passengers willing to cross the border can use the toilet facilities before the border check at both exit and entry.

During the summer period the passengers may leave their vehicles before the end of the border control but their move is regulated by the police and customs authorities.

The Police Officer responsible for passport control informs the passenger who required a visa to enter but arrives without one and applies for it to park his car behind the Hungarian Customs control line at the area designated for thorough check. In the meantime he also informs the Customs Officer.

Passengers willing to cross the border may only use the disabled parking places corresponding to their direction of travelling.

Owners of the vehicles must lock their vehicles and are responsible for their security.

At the BCP the responsible officer informs the passengers about the fact of border check going to be carried out.

If the waiting time extends to an unacceptable length the passengers should be informed about the reason and an other less busy BCP should be suggested.

If a thorough check is going to be carried out at the designated area the responsible officer informs the passenger about the fact of the thorough check.

It is forbidden to smoke at the Border Crossing Point except at the designated area.

If a Serbian or a Hungarian police or customs officer on duty receives verbal or physical abuse from a passenger, the officers on duty are required to help each other and apply appropriate measures against the person concerned.
